Sir:

The Applicant, through its representatives and attorneys, additionally brings to the attention of the Examiner the six (6) additional documents noted on the accompanying Form PTO-1449. This submission is timely in that it is submitted with this petition for its consideration, a fee authorization to charge the deposit account No. 18-0013 for the required fee of \$180 and a certification. An Appeal Brief has been filed. It is noted that there has been no acknowledgement of the IDS submitted on March 4, 2003.

This will certify that each item of information contained in this information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this statement. Specifically, these documents were cited in a European search report (ESR) dated October 10, 2003 from the EPO examining authority in connection with the prosecution of the Applicant's corresponding EP application.

A copy of the ESR accompanies this submission for the convenience of the Examiner. To the extent that any foreign language document is cited, this submission will show its perceived relevance. A copy of Annex that accompanied the search report about corresponding patent family members also accompanies this submission.
